The MNR College of Pharmacy, Sangareddy has conducted two week certificate course on **Clinical Biochemistry** under the guidance of Principal Dr. V Alagarsamy. This document affords the complete information about the programme conducted in a form of report.

Objectives:

The main aim of this two week certificate course on clinical biochemistry is to acquaint the students with basic understanding of the structure and properties of macromolecules and their interaction with the various living systems. It also provides the knowledge about the structure of biomolecules, various metabolic pathways that are crucial for sustenance of living systems.

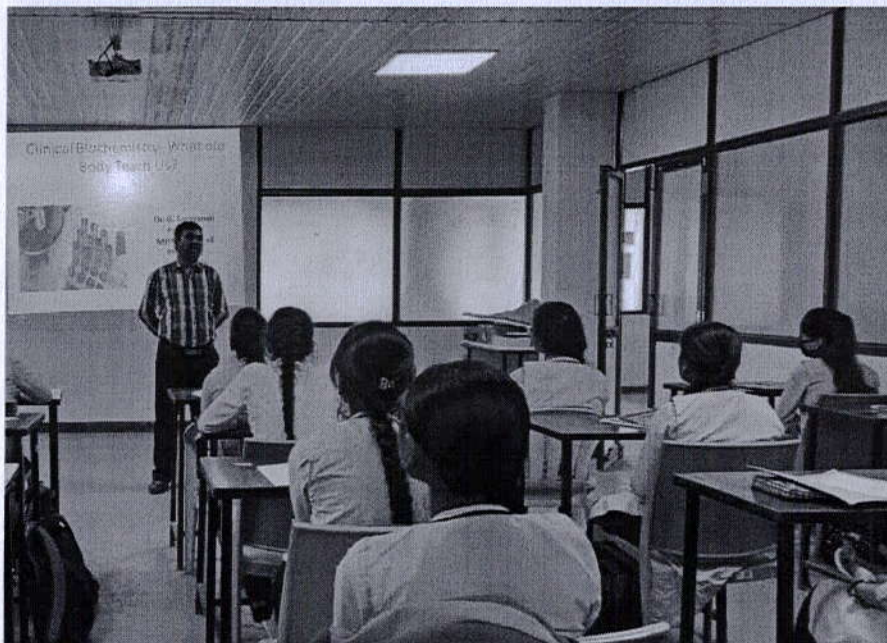

The major objectives belongs to this course are

- To learn about metabolism and metabolic disorders
- To learn about organ functions and related disorders
- To gain knowledge about clinical hematology
- To learn about Bio-analytical techniques

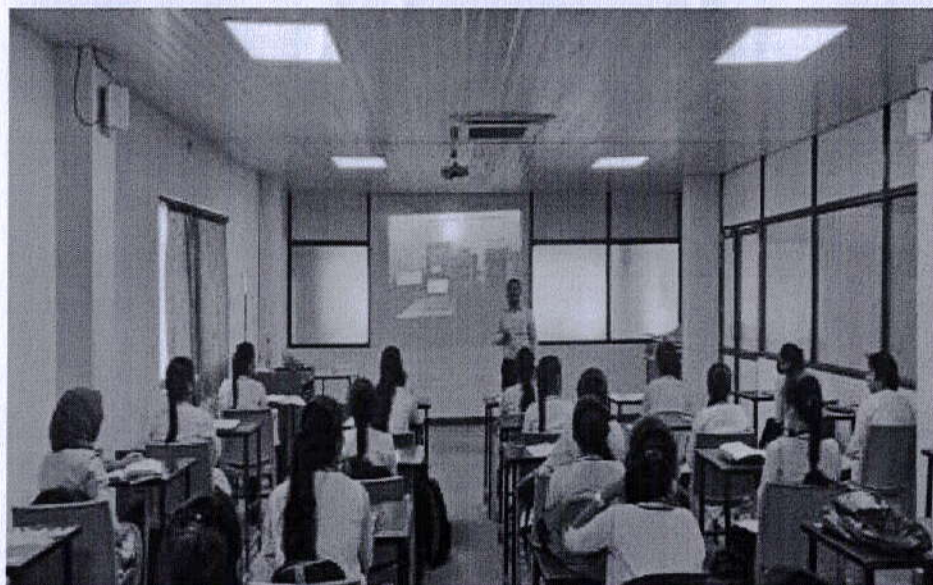

Learning Outcomes:

- To acquaint students with basic and advanced techniques employed in quantitative and qualitative analysis of biomolecules
- Know about the basic pathophysiology of various diseases, use of laboratory investigations in connection with diseases of the major organ systems
- Learn the differential diagnosis and appropriate diagnostic evaluation of common hematologic abnormalities
- Obtain knowledge about the diagnostic significance of the main laboratory investigations, the principles of analytical measurement in clinical biochemistry

Objectives of the Course:

The main aim of this two week certificate course is to teach the students participants to know the concept of immunology and immunization. It also used to provide the knowledge about immunization schedule and protection of human beings against various infectious diseases by vaccination. It makes the student aware about proper vaccination and advantages. The major objectives are

1. To create awareness about the necessity for immunization & vaccination.
2. To learn the knowledge about role of vaccines for the prevention of infectious diseases.
3. To introduce the role of vaccines to prevent AMR.
4. To learn about the challenges for the development of vaccines.

ABOUT THE COLLEGE

MNR College of Pharmacy at Sangareddy, one-hour drive away from hi-tech city, is one among the 78 top grade institutions run across the globe by MNR Educational Trust. This trust was formed in 1974 by Sri. M. N. Raju with the noble aim to shape the student into proud citizen of this great nation, laying emphasis on honing their intake skill and addressing their psychological and spiritual needs. Sri. M. S. Ravi Varma, the dynamic Vice-chairman of this trust adds a perfect blend of modern approaches required to achieve the goal. The colleges possess state of the art laboratories providing the best platform for training the students to become a scientist, industrial or community pharmacist. Our trust entered MOU with various industries in and around Hyderabad, as well as with foreign universities to meet the global standards.
