International Day of Radiology-8th nov 2021

NAME OF THE ACTIVITY: International Day of Radiology 2021.

RESOURCES PERSON: Dr. Ravindra S V, Dr. Hema G

FACULTY INCLUDED: Staff from oral medicine & Radiology and from other departments.

CONTENT/MODE OF DELIVERY: Lecture on importance of X-Rays in the field of medicine and dentistry.

BRIEF DESCRIPTION:

World Radiology Day (WRD) marks the anniversary of the discovery of X-radiation by Wilhelm Roentgen in 1895. Each year on November 8, radiology professionals around the world celebrate our vital contribution to modern healthcare by promoting the profession and raising public awareness of our important work. As professionals, we make a difference because we understand the cornerstone of the principle of radiation protection for our patients is Justification and Optimization. The event started with a welcome and an introductory speech by Dr. Hema G, Professor of Oral medicine and Radiology department. A motivational speech on the importance of dental imaging in maxillofacial diagnostics was given by Dr. Ravindra SV, vice principal and head of the department of oral medicine and radiology. Quiz, elocution and dumb charades were conducted simultaneously. The participated students showed full zeal and enthusiasm in all the competitions. Prizes were given for the winners.

ATTENDANCE: 48-Staff members of oral medicine and radiology and other departments, PG students of Oral medicine and Radiology, Under Graduate Students.

INTERNATIONAL DAY AGAINST DRUG ABUSE AND ILLICIT TRAFFICKING – 26th June 2021

Name of the activity: INTERNATIONAL DAY AGAINST DRUG ABUSE AND ILLICIT TRAFFICKING

Institution: MNR Dental College and Hospital

Faculty Involved: Dr.Y.Vijay Kumar, Dr.Divya.D

Content Delivered: Theme—Share facts on drugs and save lives

Audience: Students and Staff

Description: The International Day against Drug Abuse and Illicit Trafficking or World Drug Day, is marked on 26 June every year, to strengthen action and cooperation in achieving the goal of a world free of drug abuse. And each year, MNR dental college, entire communities, and various organizations all over the world join in on this global observance, to raise awareness of the major problem that illicit drugs represent for society.

Together, we can tackle the world drug problem!

Due to pandemic, online lecture was taken to the students by the staff and shared the information and created awareness towards drug abuse and illicit trafficking to the students.

Attendance: 28

Conclusion: The event was successful with the participation of students and staff.

DEPARTMENT OF PUBLIC HEALTH DENTISTRY IN COLLABORATION WITH ORAL MEDICINE & RADIOLOGY DEPARTMENT WORLD HEPATITIS DAY; 28TH JULY-2022

ACTIVITY REPORT

Event: World Hepatitis Day

Date: 28th July, 2022

Time: 11.30 - 1:00pm

Venue: Lecture hall 1, MNR dental college and hospital.

Number of participants: 90

Resources person: Dr. Ravindra S V, Dr. Sunitha, Dr. Satyanaryana, Dr. Bhuvaneshwari.

Faculty included: Staff from Oral Medicine & Radiology; staff from Public health dentistry, staff from Nursing college.

Event highlight: Every year 28th July is celebrated a world Hepatitis Day, hence MNR dental college and hospital celebrated this occasion with all first year BDS under graduate students.

Program: Hepatitis vaccine drive was conducted by Department of public health dentistry and Department of OMR. Dr. Ravindra SV, (Principal & HOD of OMR), Dr. Sunitha (HOD of oral pathology), Dr. Sathyanarayana (Reader of PHD), Dr. Bhuvaneshwari (Reader of OMR), Dr. Shravya, DR. Mobeen and Dr. Leema, (senior lecturer).

As viral hepatitis affects more than 354 million people worldwide and causes more than 1 million deaths each year, this program specially emphasized to the 1st year BDS students, to raise awareness and the importance of vaccinating, testing and need of treatment to viral hepatitis. Hepatitis B is a serious disease and has no cure, but the good news is it's easy to

MNR Dental College & Hospital

prevent with use of vaccine.

Students were made aware that According To The Centers Of Disease Control And Prevention (CDC), Hepatitis B,C does not spread through saliva/spit, by sharing food/water or using same fork/spoon, nor by kissing, hugging, coughing, sneezing or breast feeding. It mainly spread by blood, semen/vaginal fluid, sharing same needle and from pregnant mother to child.

Overall, first year BDS students were vaccinated with first dose of hepatitis vaccine and made this event run smooth & successfully.

WHAT IS GOOD ORAL HYGIENE?
Good Oral Hygiene results in a mouth that looks and smells healthy.

HOW IS GOOD ORAL HYGIENE PRACTICED?

- Proper brushing and Flossing
- Inter dental brushing
- Tongue scrappers
- Oral irrigation
- Gum stimulation
- See your dentist atleast twice a year

Common conditions during adulthood:

- Tooth Decay
- Gum disease include

1. Gingivitis
2. Periodontitis
- Oral cancer

ORAL HYGIENE

LISTEN UP! FOR A BRIGHTER SMILE AND HEALTHIER YOU!

Source Of Problems:

- Plaque
- Calculus

FOOD AND DRINK

BENEFICIAL FOOD

- Community water fluoridation
- Milk, Cheese, Nut, Chicken, also rich in Calcium, Phosphate
- Vitamin D
- Green and Black tea
- Food high in fibre may help to increase the flow of saliva.

HARMFUL FOOD

- Sugars are commonly associated with dental cavities.
- Other carbohydrates especially cooked starches - crisps, potato chips may also damage teeth.
- Sucrose - most commonly associated with cavities.
- Stickiness of food
- Chewing gums
- Other:

1. Alcohol
2. Smoking

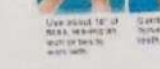

ORAL HYGIENE TREATMENT

DID YOU KNOW YOU SHOULD FLOSS BEFORE YOU BRUSH? FLOSSING LOOSENS UP THE BACTERIA.

Proper Brushing Technique:

Finger Flossing Technique:

Use index, middle, ring, and little fingers to floss.

Gently follow the surface of your teeth.

Be sure to clean between the gumline, not just across the top of the gum.

ORGAN DONATION DAY -13/08/2019

Title: Organ Donation Day

Objective: To create awareness about the organ donation.

Date: 13-8-19

Location: MNR Dental College

Organized By: Department of Public Health Dentistry

Faculty involved: Dr.M.Sushma Reddy

Audience: interns and students

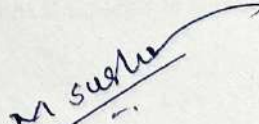

Attendance: 58 students and 2 interns

Description: The session was started with a welcome note by a committee member by the introduction to the topic "Organ Donation Day". The speaker began by talking about importance of organ donation to motivate normal human beings to pledge to donate organs after death, and to spread this awareness to everyone. In USA more than 120000 people are waiting for a life saving organ donation.

Conclusion: The session was about awareness of organ donation and it is ended with a vote of thanks.

ACTIVITY REPORT- 31

NATIONAL DENTIST DAY

6th March 2019

Name of the Activity : National Dentist Day -2019

Name of the Institution: MNR Dental College and Hospital

Faculty Involved: Dr. Y.Vijay Kumar, Dr.M.Sushma Reddy

Content Delivered: On the occasion of Dentist Day, Department of Public Health Dentistry conducted oral health awareness program followed by Dental Screening and treatment camp for all the people in the adopted village Kalbgoor at Gram Panchayat Office.

Audience: Public from Kalbgoor village

Description: National Dentist Day is celebrated every year in our college on 6th March. This day was created as a day set to say 'Thank you' and show appreciation to Dentist. Dentists are the doctors who prevent, diagnose and treat oral diseases and maintain our whites pearly Modern dentistry emerged during the late 17th century, though the lack of anaesthesia and sophisticated equipment made going to the dentist a painful proposition. Today, dentists are an important part of any country's medical and health system. In addition to caring for people with tooth problems, dentists also perform surgeries to correct misaligned teeth and other problems affecting the jaw and the oral cavity. A dentist examines patients' teeth and mouth tissue to first diagnose and then treat any problems he or she finds. Treatment may include removing tooth decay, filling cavities, repairing damaged teeth and removing teeth when necessary. The people of Kalbgoor were treated and made aware of oral health.

Conclusion: The session was ended with a Thank you note by Dr. Y.Vijay Kumar

ACTIVITY REPORT – 42

WORLD BLOOD DONORS DAY

14th June 2019

Name of the Activity: World Blood Donor Day-2019

Name of the Institution: MNR Dental College and Hospital

Resource Person: Dr. Y.Vijay Kumar

Faculty Involved: Dr. Y.Vijay Kumar, Dr.M.Sushma Reddy

Description: Blood Donation Camp was conducted on 14th June in our college. The theme of Blood Donation Day 2019 was "Safe Blood for all". Blood is an important resource, both for planned treatments and urgent interventions. It can help patients suffering from life-threatening conditions live longer and with a higher quality of life, and supports complex medical and surgical procedures. Blood is also vital for treating the wounded during emergencies of all kinds (natural disasters, accidents, armed conflicts, etc.) and has an essential, life-saving role in maternal and parental care. Its objective is to save the life of individuals who are in emergency and raise awareness for the need of safe blood. The event serves to thank voluntary, unpaid blood donors for their life-saving gifts of blood and also to raise awareness of the need for regular blood donations to ensure that all individuals and communities have access to affordable and timely supplies of safe and quality-assured blood and blood products, as an integral part of universal health coverage and a key component of effective health systems.

Attendance: 10 PGs, 6 staff and 4 interns donated blood in donation camp.

Conclusion: Being a human, we must help other humans and other humans for the humanity. The blood you donate gives someone another chance at life.

INTERNATIONAL DAY OF RADIOLOGY - 8TH NOVEMBER 2017

NAME OF THE ACTIVITY: International Day of Radiology 2017.

RESOURCE PERSON: Dr. K. Satya Prakash

FACULTY INCLUDED: Dr. K. Satya Prakash

Dr. B. Radhika

CONTENT/MODE OF DELIVERY: Lecture on importance of X-rays/Imaging to UG and PG students.

BRIEF DESCRIPTION: international day of radiology is celebrated on November 8 each year which signifies the anniversary of discovery of the X-rays and raises awareness of the benefits of imaging. On November 8, 1895, WILHELM CONRAD ROENTGEN discovered X-rays, effectively laying the foundation for the new discipline of Radiology. The event was held with the aim of building greater awareness of the value that radiology contributes to safe patient care, and improving understanding of vital role radiologists and radiological technologists play in the health care continuum.

ATTENDANCE: Staff members of oral medicine and radiology, PG students of Oral medicine and Radiology, Under Graduate Interns.

CONCLUSION: we take this opportunity to convey the importance of imaging in students, which has an essential role in detection, diagnosis and management of diseases there by increasing the quality of care and treatment of patients.
