BEST PRACTICES – SHRESTHA ACHARYA AWARD

Title of Practice: SHRESTHA ACHARYA AWARD

Objective of the Practice

The objective of this practice is to promote excellence in teaching and to recognize the efforts of our faculty members who have made a significant impact on the education of our students. The Best Teacher Award aims to encourage our faculty members to continuously improve their teaching methods and to provide our students with an outstanding learning experience.

Context

MNR dental college recognizes that teaching is a critical component of our mission to provide high-quality education to our students. The Shrestha Acharya Award was established to acknowledge the efforts of our faculty members who have demonstrated excellence in teaching. This award is given based on feedback from students, the principal, the number of publications, and research work.

Practice

The Shrestha Acharya Award is given on Teachers' Day every year to best teacher and researcher. The selection process for this award involves a thorough review of each faculty member's teaching style, teaching methods, and overall contribution to the field of dentistry. The feedback from students is a critical component of the selection process, as it provides valuable insight into the effectiveness of each faculty member's teaching skills. For the best researcher award faculty publications and research grants will be taken into consideration.

Evidence of Success

The Best Teacher Award has been highly successful in promoting excellence in teaching and recognizing the efforts of our faculty members. The award has encouraged our faculty members to continuously improve their teaching methods and has helped to create a culture of excellence in teaching at MNR dental college. The feedback from students has been overwhelmingly positive, with students reporting that the award has helped to motivate their teachers to provide an outstanding learning experience.

Problems Encountered and Resources Required

One of the main challenges with the Best Teacher Award is ensuring that the selection process is fair and transparent. To address this challenge, MNR dental college has established a rigorous selection process that involves feedback from students, the principal, and a review of each faculty member's publications and research work. Another challenge is ensuring that all faculty members have access to the resources they need to provide an outstanding learning experience. To address this challenge, MNR dental college provides ongoing professional development opportunities for our faculty members, as well as access to state-of-the-art teaching resources.

Conclusion

The Best Teacher Award is an essential component of MNR dental college's commitment to promoting excellence in teaching. This award recognizes the hard work and dedication of our faculty members and encourages them to continuously improve their teaching methods. The award has been highly successful in creating a culture of excellence in teaching at MNR dental college, and we look forward to continuing this tradition for years to come.

BEST PRACTICES – COMMITMENT TO SOCIETY

Title of the Practice: COMMITMENT TO SOCIETY

Objectives of the Practice:

- To provide affordable and accessible dental care services to rural communities.
To improve the oral health outcomes of rural populations by promoting preventive dental care practices.
To create awareness about the importance of oral hygiene and dental care among rural residents.
To train and educate rural healthcare workers on basic dental care practices and procedures.
To establish partnerships with local healthcare organizations and NGOs to expand the reach of dental care services in rural areas.

The Context: Rural areas often lack quality dental care due to barriers such as geography, economics, and social factors. MNR Dental College recognizes this issue and is committed to providing affordable and accessible dental care services to nearby rural communities. The institution aims to improve oral health outcomes through preventive care practices, education, and outreach effort.

The Practice:

MNRDC has **adopted villages kabalgoor and chintalpally** in the district of Sangareddy with a focus on health and hygiene of the villagers. We conduct regular oral health camps and provide free treatment services to the villagers and school children.

Periodic special camps for **special children** in **collaboration with Special smiles** and participated in the **Guinness world record**. **Camps for geriatric patients** were conducted as a part of comprehensive dentistry to meet the unique needs of the individual patient.

Provision of **tobacco cessation counselling services** as a part of routine patient care at **TOBACCO CESSATION CLINIC** to improve the duration and quality of life of the patients.

activities conducted :

1. Regular Awareness, Educational Programs,Dental Screening Camps And Treatment Services Are Provided To The People Living In Rural Areas.

2. Importance of breast feeding, treatment camps for geriatric people were held to motivate patients for undergoing early treatment.

3. Oral hygiene camps for school children

4. Oral health promotion camps for special children and targeted population

Evidence of Success: Department Of Pediatric And Preventive Dentistry conducted oral health awareness camps on the occasion of world oral health day in Angadwadi's, schools and villages around sangareddy in association with **ISPPD AND FDI**, for which dept of pediatric and preventive dentistry received **BEST RURAL SERVICE AWARD (ASIA SPECIFIC EXCELLENCE AWARD 2022)** .

- as a part of World Health Day celebrations in association with Special Olympic Bharat for screening special children in Hyderabad. for which MNRDC was also awarded by **SPECIAL OLYPMICS BHARAT** in April 2022, participating in **Guinness world record**.

Problems Encountered and Resources Required:

Providing oral health services through mobile dental van is limited in remote areas.As far as the oral health is concerned, behavioral factors play a major role. Lack of awareness, cultural challenges prevent rural communities to take charge of their oral health creating gap between urban and rural healthcare services.

service to society

- BLOOD DONATION CAMPS
- AIDS AWARENESS PROGRAMS

CAMP AT HATHNOORA -29 NOVEMBER 2021

Tara Government College Sangareddy

(Autonomous)

Certificate of Appreciation

This is to certify that the MNR Dental College, Sangareddy of Telangana state, has been extending the following ways for our stakeholders of our college. Their services were especially appreciable in arranging dental camps for students and staff, awareness programmes on Health and Hygiene. The above services were extended to us in the academic year 2021-22.

The services rendered to our college are noteworthy. We sincerely appreciate the remarkable services of MNR college. We wish them best in their endeavour.

WORLD HEALTH DAY-7TH APRIL 2022

ACTIVITY REPORT

EVENT : MEGA CAMP (SPECIAL SMILES) ON OCCASION OF WORLD HEALTH DAY

DATE : 7TH April, 2022

ORGANISED BY: Dept Of Pedodontics And Preventive Dentistry ,Committee For Extension Activities In Collaboration With NSS And Special Olympics Bharath

TIME : 10:00 AM to 02:00 PM

VENUE : MNR Dental College & Hospital, Sangareddy & Ladies welfare center, BHEL

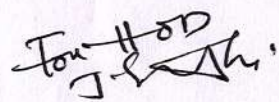

NUMBER OF PARTICIPANTS: 67 INTERNS & PG students

EVENT HIGHLIGHTS:

Celebrating 75 years of Indian Independence, Government had launched a campaign under Amrit Mahotsav – “Return-to-play – Inclusion Revolution” to bring our athletes with Intellectual & Development Disabilities (IDD) back to the sports field after two years of the pandemic. **Special Olympics Bharat** had conducted health screening of 75000 children and adults with IDD across the country on **5th & 7th April 2022**; celebrating World Health Day. The health screenings were held in Oral Care, Nutrition, and Fitness as per the Special Olympics Healthy Athlete Protocols.

Faculty and Students of MNR Dental College and Hospital participated in 2 centers i.e., MNR dental college and Ladies welfare center, BHEL under **SPECIAL SMILES**. To participate in this programe, faculty and students were trained virtually and practically by special Olympics officials.

The program in MNR Dental College and Hospital started with welcoming special children by flying helium balloons into the air by Ravi Varma.M (Vice Chairman of MNR institutions) and Dr. Ravindra SV(Principal & HOD). Screening the special children is done by post graduates of Pediatric and Preventive Dentistry. Post graduates and volunteers conducted some fun activities for special children. The program is concluded by singing National Anthem. For conducting this programme across India on the occasion of Azadi ka amrut Mahotsav, had achieved GUINNESS WORLD RECORDS.

CONCLUSION: The concern behind this program is to ensure the health and well-being of our para-athletes and encourage them to return to play.

DEPARTMENT OF PUBLIC HEALTH DENTISTRY IN COLLABORATION WITH ORAL MEDICINE & RADIOLOGY DEPARTMENT WORLD HEPATITIS DAY; 28TH JULY-2022

ACTIVITY REPORT

Event: World Hepatitis Day

Date: 28th July, 2022

Time: 11.30 - 1:00pm

Venue: Lecture hall 1, MNR dental college and hospital.

Number of participants: 90

Resources person: Dr. Ravindra S V, Dr. Sunitha, Dr. Satyanaryana, Dr. Bhuvaneshwari.

Faculty included: Staff from Oral Medicine & Radiology; staff from Public health dentistry, staff from Nursing college.

Event highlight: Every year 28th July is celebrated a world Hepatitis Day, hence MNR dental college and hospital celebrated this occasion with all first year BDS under graduate students.

Program: Hepatitis vaccine drive was conducted by Department of public health dentistry and Department of OMR. Dr. Ravindra SV, (Principal & HOD of OMR), Dr. Sunitha (HOD of oral pathology), Dr. Sathyanarayana (Reader of PHD), Dr. Bhuvaneshwari (Reader of OMR), Dr. Shravya, DR. Mobeen and Dr. Leema, (senior lecturer).

As viral hepatitis affects more than 354 million people worldwide and causes more than 1 million deaths each year, this program specially emphasized to the 1st year BDS students, to raise awareness and the importance of vaccinating, testing and need of treatment to viral hepatitis. Hepatitis B is a serious disease and has no cure, but the good news is it's easy to

MNR Dental College & Hospital
Fasulwadi Road,

prevent with use of vaccine.

Students were made aware that According To The Centers Of Disease Control And Prevention (CDC), Hepatitis B,C does not spread through saliva/spit, by sharing food/water or using same fork/spoon, nor by kissing, hugging, coughing, sneezing or breast feeding. It mainly spread by blood, semen/vaginal fluid, sharing same needle and from pregnant mother to child.

Overall, first year BDS students were vaccinated with first dose of hepatitis vaccine and made this event run smooth & successfully.
