ACTIVITY REPORT OF MS OFFICE MANAGEMENT
(2016-2017)

Upskilling techniques has been the mainstay of an academic career, learning Microsoft office and typing program is a pre-requisite for dental graduates and post graduates. This helps them to present themselves during seminars, journal clubs and presentations on bigger platforms such as conferences and conventions. Therefore, an initiative to provide such program was proposed and conducted by Mr. Venkatesh, faculty member of CSE, MNR Engineering College and Technology on 11-07-2016 at the CSE Department, Engineering College, Sangareddy.

A total of 14 students including graduates and post graduates have been beneficial though this program. This course includes MS Word, MS Powerpoint and MS Excel. This course also included basics of typing. Each individual was given a laptop for the practical exercise of Microsoft office that was explained theoretically to the students.

ACTIVITY REPORT OF TELUGU LANGUAGE CLASS (2016-2017)

Dentistry is a professional course which requires good communication skills in order to flourish. Some students who were admitted in MNR Dental College and Hospital are not familiar with the local language Telugu, as they come from various states across India. These students find it very difficult to communicate with the patients. Hence these students were trained to speak Telugu and improve their communication skills with this program. This program was implemented on 09-09-2016. It was held by N. Rajshekhar, Assistant. Professor from College of Engineering & Technology at lecture hall, MNR Dental College and the number of students participated were 10 members.

ACTIVITY REPORT ON QUIZ COMPETITION (2016-2017)

Not only are quizzes fun for students, but also they are a sneaky form of learning as they don't feel like a traditional activity. Quizzes can help your students practice existing knowledge while stimulating interest in learning about new subject and also help us retain information and can help identify gaps in knowledge. This competition was implemented on 18-10-2016 by Dr. Ramesh, Professor of Department of Oral and Maxillofacial Surgery at MNR Dental College and the number of students participated were 22.

ACTIVITY REPORT OF SPOKEN ENGLISH AND COMMUNICATION SKILLS (2016-2017)

Dentistry is a professional course which requires good English with meticulous communication skills in order to flourish. Few of the student belonging to the rural region who are admitted in MNR Dental College and Hospital found it difficult coping with the academics as the curriculum was in English language. Our committee has been conducting spoken English classes to guide the students to improve their communication skills and to excel in the academics.

This program was implemented on 10-08-2016 and was moderated by Mr. Shanti Kumar, Assistant Professor of English, College of Education, where there were 13 students taking part in the program.

The main objectives covered in this program were basics of English, vocabulary, basic and advanced grammar and speaking skills.

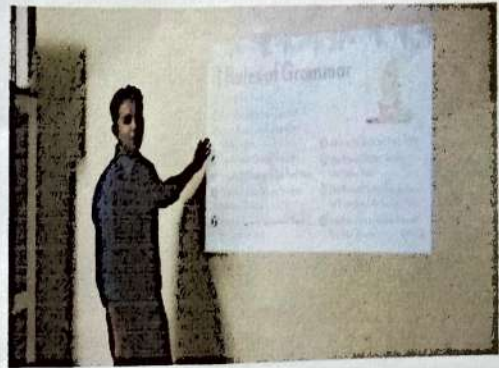

The committee has conducted a question & answer session and interaction session following the lecture to assess the effectiveness of the lecture.

ACTIVITY REPORT OF ESSAY WRITING COMPETITION (2016-2017)

Writing is a skill not only used in essays, if you look further in education, you will know that there are a lot of other writing assignments, like research papers, term papers, course work, homework, dissertations, thesis papers and many more. All these writing assignments require excellent writing skills to complete them successfully and these skills can only be achieved by writing essays and practicing. Thus, student support committee has focused on essay writings to make student to focus on technique and how it should be used to best convey ideas. If students learn about style and how to write essays early on in their academic careers, they will find it much easier to write papers throughout university. This competition was implemented on 20 -02-2017 by Dr. Ramesh, Reader of Department of Oral and Maxillofacial Surgery at lecture hall, ground floor, Engineering college and the number of students participated were 15.
