ACTIVITY REPORT ON PERSONAL COUNSELLING

Personal counselling is an important of students' growth. Students dwell with many unsaid, unspoken issues within themselves. These personal counselling sessions help students to interact closely with the staff and aid in resolving the troubling mind of the students. Experience faculties have taken up this task to comfort the students, help them to excel in academics, to motivate them to participate in co-curricular activities, and to maintain a good social well being with fellow batchmates, faculties and patients.

These one-on-one sessions are conducted regularly for the overall growth of the student. Faculties not down the areas in which students are lacking and help them in the respective manner. 77 students were benefitted by these personal counselling sessions.

ACTIVITY REPORT ON REMEDIAL COACHING

Students belong to different strata in academic excellence. Some students grow and succeed on their own and some need extra bit of guidance and coaching. Therefore, for students who belong to slow learning strata are given remedial classes to improve in their academic performance.

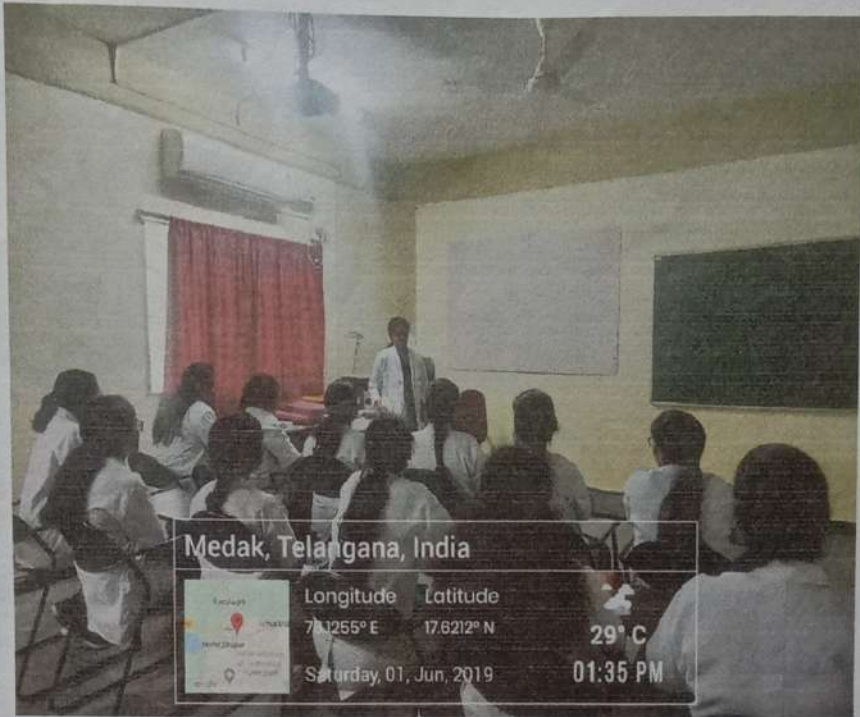

Students are categorized into slow learners based on their performance in the internal exams that are conducted thrice yearly. Keeping into account the marks secured, the slow learners are motivated to study, given extra classes to clarify concepts and doubts. Such remedial classes have been beneficial to students.

Remedial classes were conducted by the experienced faculties on 01-06-2019 from 1:30 pm onwards in MNR Dental College. A total number of 77 students were part of the remedial coaching.

ACTIVITY REPORT ON MS-OFFICE PROGRAMME (2019-20)

Microsoft office management and typing programme was conducted on 11-7-2019 at the CSE Department, Engineering College., Sangareddy. The total number of students who were enrolled in the programme were 20. This program was co-ordinated by Mr. Venkatesh, faculty member of CSE, MNR Engineering college and Technology. Each of the 20 students was provided with an individual computer. Post graduates have to present seminars, journal clubs, presentations at conferences, hence a proper knowledge regarding application of MS office should be there. This course includes MS Word, MS PowerPoint and MS Excel. This course also included basics of typing. This course was highly beneficial for the students which has helped the students to present at various platforms with ease.

ACTIVITY REPORT OF SPOKEN ENGLISH AND COMMUNICATION SKILLS (2019-2020)

Dentistry is a professional course which requires good English with meticulous communication skills in order to flourish. Some students who were admitted in MNR Dental College and Hospital belonged to rural areas whose main studying medium is the local language Telugu.

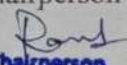

These students find it very difficult to learn dentistry as the instructions are taught in English language. Hence these students were trained to speak English and improve their communication skills with this programme. This programme was implemented on 2-9-2019 and was moderated by Mr. Shanti Kumar, Assistant professor of English, College of Education and the number of students participated were 20.

ACTIVITY REPORT OF QUIZ COMPETITION

A **quiz** is a quick and informal assessment of student knowledge. Quizzes are conducted to briefly test a students' level of comprehension regarding course material, providing teachers with insights into student progress and any existing knowledge gaps. Quiz is one tool becoming more common, especially in online education. They help with concentration, identifying gaps in knowledge, building confidence and help students retain information. Some students who were admitted in MNR Dental College and Hospital were selected for this programme and it was implemented on 20-02-2020 and Time: 2:00PM to 3:00 PM
Venue: MNR Dental College, By Dr. Ramesh, Reader of Department of Oral and Maxillofacial Surgery. The questions were set with the help of the faculties from MNR Medical College to cover the basic undergraduates subjects as part of the quiz.

ACTIVITY REPORT OF ESSAY WRITING COMPETITION

Writing is a skill not only used in essays, if you look further in education, you will know that there are a lot of other writing assignments, like research papers, term papers, course work, homework, dissertations, thesis papers and many more. All these writing assignments require excellent writing skills to complete them successfully and these skills can only be achieved by writing essays and practicing. Thus, student support committee has focused on essay writings to make student to focus on technique and how it should be used to best convey ideas. If students learn about style and how to write essays early on in their academic careers, they will find it much easier to write papers throughout university. This competition was implemented on 20-02-2020 by Dr. Ramesh, Professor of Department of Oral and Maxillofacial Surgery at MNR Dental College. Assistance of the faculties from MNR Medical College was sought to judge the winners. 10 students participated in the essay competition.
