ACTIVITY REPORT OF CAREER COUNSELING SESSION (2020-2021)

Career counselling is a way of engaging students about their careers and also helps them to make decisions and at the same time conducts the sessions for people who pursue their careers and brings out the abilities and skills of the students. The main aim is that it motivates in keeping their goals higher and molds the students to make the right decisions and removes the fear about their careers. One such counselling had been conducted by the MNR Dental College and Hospital on 15th FEBRUARY 2021 at MNR auditorium from 11:00 am to 12:00 pm by Mr. J. VAMSHI KRISHNA, Assistant Manager of Business development, IDP consultancy. He inspired the students about the higher education abroad and motivated them about exams like ILETS, TOFEL, GRE and many more which will lead the path to achieve their bigger dreams. The programme started with a welcome speech by the Principal of MNR Dental College and the number of students who attended the programme were 67. Students were educated about the procedure to be followed for pursuing their careers in various foreign countries. The programme was concluded by a vote of thanks by the Principal of MNR Dental college, Dr. Ravindra S.V.

ACTIVITY REPORT ON DRUG AND ALCOHOL ABUSE

Students meeting the challenges of life skills on day to day are exposed to constant changing environment. With associated burdens or pressure they need flexibility to meet and survive with the change in modern life. They need to be alert, adapt to different roles. With this pressure to cope it is vital that students are taught to manage their lives and not to fall prey for bad habits that will damage their lives and career. Human values need to be inculcated into their very being. One such Human Value Development programme was conducted in MNR Dental College on 26-04-2021 on Drug and Alcohol Abuse. The programme was organized by Sangareddy Police and excise Department. The speaker of the programme was Mr. A. Balaji DSP Sangareddy Police. He educated the students of the ill effects of drug and alcohol abuse in students and also about ill effects of them on human health. He said that it is time to change how we as a society address alcohol and drug misuse and substance use disorders. A national opioid overdose epidemic has captured the attention of the public at, state, local, and tribal leaders across the country. Ongoing efforts to reform health care and criminal justice systems are creating new opportunities to increase access to prevention and treatment services. Health care reform and parity laws are providing significant opportunities and incentives to address substance misuse and related disorders more effectively in diverse health care settings. At the same time, many states are making changes to drug policies, ranging from mandating use of prescription drug monitoring programs (PDMPs) to eliminating mandatory minimum drug sentences. These changes represent new opportunities to create policies and practices that are more evidence-informed to address health and social problems related to substance misuse. The programme ended by a vote of thanks to Sangareddy Police Department from MNR Dental College.

ACTIVITY REPORT OF ESSAY WRITING COMPETITION (2020-2021)

Writing is a skill not only used in essays, if you look further in education, you will know that there are a lot of other writing assignments, like research papers, term papers, course work, homework, dissertations, thesis papers and many more. All these writing assignments require excellent writing skills to complete them successfully and these skills can only be achieved by writing essays and practicing. Thus, student support committee has focused on essay writings to make student to focus on technique and how it should be used to best convey ideas. If students learn about style and how to write essays early on in their academic careers, they will find it much easier to write papers throughout university. This competition was implemented on 10 -09-2020 by Dr. Ramesh, Professor of Department of Oral and MaxilloFacial Surgery at Fine arts & cultural hall, ground floor, Engineering college and the number of students participated were 15.

ACTIVITY REPORT OF TELUGU LANGUAGE CLASS (2020-2021)

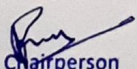

Dentistry is a professional course which requires good communication skills in order to flourish. Some students who were admitted in MNR Dental College and Hospital are not familiar with the local language Telugu as they come from various states across India. These students find it very difficult to communicate with the patients. Hence these students were trained to speak Telugu and improve their communication skills with this programme. This programme was implemented on 25-06-2020 by:

Mr.Parwathesam MNR COLLEGE OF HIGHER EDUCATION at **Fine arts & cultural hall, ground floor, Engineering college** and the number of students participated were 20.

ACTIVITY REPORT OF PROFESSIONAL DEVELOPMENT SESSION

BDS AND THE FUTURE OF DENTISTRY (2020-2021)

MNR Dental College and Hospital has taken a step forward to help the students to realize their goals. It not only imparts knowledge but now will also guide and counsel the students regarding further study and job opportunities, identify the skill, vision, interests of the student and will guide them towards their goal both academically and professionally. In this regard, Dr. Harish Tenneti, Associate Professor from the Department of Oral and Maxillofacial Surgery has come and imparted knowledge to the students about the future of dentistry after BDS and how the endeavours should be crossed for successful professional development.

TIME MANAGEMENT SESSION

TIME has a wonderful way of showing us what really matters. This important life lesson is only learnt through experiences and by loss of time too. But, such an important aspect of life is unfolded to our students by Mr. Aravind, a personal coach who emphasises on the value of TIME. He told students the value of time, discussed how the students use time, what they like to do with the free time they get and any better ideas they have to use time. This session was

very enlightening because it just opened the eyes of many students on how they are misusing time. Time once gone can never be bought back by anything, if students understand this then the future is safe and sound. A total of 32 students attended the session. Our Principal, welcomed Mr. Aravind and Dr. Ramesh thanked the speaker.

ACTIVITY REPORT

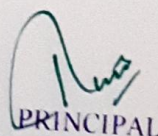

NAME OF THE PROGRAM: ANALYTICAL METHODOLOGY

Not only are puzzles being fun for students, they are also a sneaky form of learning as they don't feel like a traditional activity. Puzzles can help your students practice existing knowledge while stimulating interest in learning about new subject and also help us retain information and can help identify gaps in knowledge. This Analytical session was implemented on 16-07-2020 by Dr. Ramesh, Professor of Dept of Oral and Maxillo-Facial Surgery at Lecture Hall 4, MNR Dental College & Hospital. and the number of students participated were 20
