ACTIVITY REPORT

FORMATION ACTIVITY ON INDEPENDENCE DAY: 15th August-2020

Name of the activity: Formation activity on Independence Day on 15-08-2020

Content/Mode Of Delivery: Assemblage in college premises by 9:30 Am

Evidences: 96 paticipants

Brief Description:

Independence Day of India, is celebrated religiously throughout the Country on the 15th of August every year, holds tremendous ground in the list of national days, since it reminds every Indian about the dawn of a new beginning, the beginning of an era of deliverance from the clutches of British colonialism of more than 200 years. It was on 15th August 1947 that India was declared independent from British colonialism, and the reins of control were handed over to the leaders of the Country. India's gaining of independence was a tryst with destiny, as the struggle for freedom was a long and tiresome one, witnessing the sacrifices of many freedom fighters, who laid down their lives on the line.

In spite of the COVID lockdown, we at MNR Dental College assembled in front of the college and formed the India map to show our patriotism and respect towards our country.

Attendance: Principal, Students and faculties

Conclusion: A proud patriotic day was celebrated in spite of the COVID restrictions.

Content delivered- On the occasion of teacher's day, celebrations were organized by students in MNR auditorium for the teachers to Honor them for their contribution in educating students.

Description- Teachers day is celebrated on the birth anniversary of **Sarvapalli Radhakrishnan** since 1962. It is a special day for appreciation of teachers for their contribution in particular field. When Sarvapalli Radhakrishnan became the President of India, some of his students and friends requested him to allow them to celebrate his birthday, on 5 September. Teachers should be given huge respect for their work, they play important role in students life apart from parents. It is a noble profession more in the sense when we find the teachers doing a selfless and devoted service. Teachers are those who use themselves as bridges over which they invite their students to cross, then having facilitated their crossing, joyful collapse, encouraging them to create bridges of their own.

The day was celebrated by dance performance from students as a mode of expressing their gratitude towards Chairman Sir, Vice Chairman sir, Principal and all other Faculties as they inspire every student in studies as well as in overall development of the candidate. Best teacher and best student were awarded for the academic year.

Conclusion: The celebration was grand and very successful, session ended by thank you speech by the outgoing intern students.

ACTIVITY REPORT – 26

WORLD BLOOD DONORS DAY - 14th June 2018

Name of the Activity: World Blood Donor Day-2019

Name of the Institution: MNR Dental College and Hospital

Resource Person: Dr. Y.Vijay Kumar

Description: Blood Donation Camp was conducted on 14th June in our college. The theme of Blood Donation Day 2019 was "Blood Connect us r all". Blood is an important resource, both for planned treatments and urgent interventions. It can help patients suffering from life-threatening conditions live longer and with a higher quality of life, and supports complex medical and surgical procedures. Blood is also vital for treating the wounded during emergencies of all kinds (natural disasters, accidents, armed conflicts, etc.) and has an essential, life-saving role in maternal and parental care. Its objective is to save the life of individuals who are in emergency and raise awareness for the need of safe blood. The event serves to thank voluntary, unpaid blood donors for their life-saving gifts of blood and also to raise awareness of the need for regular blood donations to ensure that all individuals and communities have access to affordable and timely supplies of safe and quality-assured blood and blood products, as an integral part of universal health coverage and a key component of effective health systems.

Attendance: 6 PGs, 1 staff and 21 interns donated blood in donation camp.

Conclusion: Being a human, we must help other humans and other humans for the humanity. The blood you donate gives someone another chance at life.
