Dr. SAMUEL HAHNEMANN

FOUNDER OF HOMOEOPATHY

(10th April 1755 - 2nd July 1843)

Medicine is a science of experience; its object is to eradicate diseases by means of remedies. The knowledge of disease, the knowledge of remedies and the knowledge of their employment, constitute medicine.

FAMOUS QUOTES ON HOMOEOPATHY

*An allopath comes and treats cholera patients and gives them his medicines. The Homeopath comes and gives his medicines and cures perhaps more than the allopath does because the Homoeopath does not disturb the patients but allows the nature to deal with them. - **Swami Vivekananda.***

*Homeopathy cures a larger percentage of cases than any other form of treatment and is beyond doubts safer and more economical. - **Mahatma Gandhi***

*“I have long been an ardent believer in the science of homeopathy, and I feel happy that it has got now a greater hold in India that even in the land of its origin. It is not merely a collection.” - **Rabindranath Tagore***

*Homeopathy did not merely seek to cure a disease but treated a disease as a sign of disorder of the whole human organism. This was also recognized in the Upanishad which spoke of human organs as combination of body mind and spirit. Homoeopathy would pay an important part in the Public Health of the country along with other systems. Medical facilities in India are so scanty that Homoeopathy can confidently visualize a vast field of expansion. - **Dr. S. Radha Krishnan - Former President, Govt. of India.***

***Hon'ble Former President, Govt of India, Rajendra Prasad** - I believe Homoeopathy as a system of cure has great scope in a poor country like India and deserves encouragement.*

***Hon'ble Former President, Govt. of India, Shri. K. R. Narayan** - Homoeopathic treatment is my first choice not only for me but also for my family. Homoeopathy should be developed as full-fledged alternative system of medicine. More research and more development are essential to make Homoeopathy more popular and useful Homoeopath treats their patients in more compassionate way. Homoeopathy is second largest system of medicine being practiced in india.*

*I patronize Homeopathy. I have always used it for my family. - **Queen Elizabeth II***

Holistic Healthcare remains a very big attraction. Best of the doctors are moving towards homeopathy. There's a mood for Holistic Healthcare. There's a mood to go towards stress free life from a stressful life

*- **Narendra Modi, Hon'ble Prime Minister of India***

VISION & MISSION

The Vision

To evolve into a centre of excellence in Homoeopathic through creative and innovative practices in teaching, learning and promoting academic achievement and research excellence. To produce internationally accepted, competitive and world class professionals who are professionally strong and emotionally balanced imbued with social consciousness and ethical values.

Mission

The MNR mission is to be a leader in helping individuals and organizations to enhance their academic effectiveness. To do so, by pursuing a balanced excellence that links theory to practice in teaching and research that are innovative, technologically fine tuned, rigorous and relevant to international standards.

Quality Policy

We at MNR aspire to establish a system of Quality Assurance, which would on a continuous basis evaluate and monitor the quality of education and training imparted at the institute, improve the teaching learning process and ultimately develop the institute as a Centre of Excellence.

About Founder-Chairman's

I had no opportunity to attend a school or college during my childhood. This only strengthened my determination to study more.

As I grew had this single-minded desire to offer a platform for children to pursue basic education. During these 59 years of service as a teacher and as an educator, I realised how much of our future generation's success depends on education. It is my firm belief that the two essential factors that enrich our lives are education and health and it is my endeavour to provide both through MNR Educational Trust with the help of my dedicated team.

M.N.Raju, Chairman
MNR Educational Trust

Philosophy of **MNR**

"Every today well lived is another tomorrow well deserved"

Others saw the **PROBLEM**,
he found the **SOLUTION**

The dawn of August 15, 1974 not only welcomed the anniversary of Indian Independence but also marked the beginning of a new chapter in the annals of education in the state of Andhra Pradesh. This eventful day saw the forming of MNR Educational Trust, founded by Sri M.N. Raju, Chairman of MNR Educational Group, who conceived the idea of network of MNR Institutions long before it was given a concrete shape. A guiding and motivating force the inspire the dedicated staff members and the ever growing numbers of the student community. The philosophy of Sri.M.N.Raju is to shape the students into proud citizens of this great nation, laying emphasis on honing their innates skills and addressing their psychological and spiritual needs. His rich and varied experience has helped the group to evolve a unique student - centric teaching approach, which transforms the students into competent future professionals and lead asuccessful career.

In all these years, MNR Educational group has made an indelible mark in the education scenario with Sri M.N. Raju at the helm of affairs and the rock like support of Mr. Ravi Varma Manthena who has taken initiatives, accepted challenges and has given this nation a modern Takshashila imparting value education.

About Vice-Chairman's

“We have inherited the passion for Education and would like to see that this passion for education spreads like an endemic. The world would then be a better place to live in. It is our dream to make MNR Group of Institutions not only the best in the country but also to make it attain the status of a Deemed University”

Ravi Varma Manthena, *Vice-Chairman*
MNR Educational Trust

The Vice-Chairman of the Trust is accelerating the growth of the Institution with his great passion and actuary skill. As a mentor he has imbibed the legacy of Shri.M. N. Raju and working for all round development of MNR Educational Trust. Armed with optimism and a pragmatic growth approach, he believes that technology and systems will play a integral part in shaping the future of the Trust.
