Swami Vivekananda
(1863 - 1902)

“We want that Education by which character is formed, strength of mind is increased, the intellect is expanded and by which one can stand on one’s own feet”

VISION & MISSION

The “VISION”

The vision of the MNR Medical College and Hospital is:

- ♦ *To evolve into a centre of excellence in Medical Science & Technology through creative and innovative practices in teaching, learning and promoting academic achievement and research.*
- ♦ *To Provide internationally accepted, competitive and world class professionals who are professionally strong and emotionally balanced imbued with social consciousness and ethical values.*

The “MISSION”

The Mission of the institute is:

The MNR mission to be a leader in helping individuals and organizations to enhance their academic effectiveness. To do so, by pursuing a balanced excellence that links theory to practice in teaching and research that are innovative, technologically fine tuned, rigorous and relevant to international standards.

The Vision and Mission of the institute is communicated to the students, staff and other stakeholders through prospectus, college calendar and newsletters.

The same is also displayed prominently on a notice board adjacent to the Principals office room. Besides, the vision and mission are focused in all the seminars, conferences and workshops that the college organizes.

The college website reveals the Vision and Mission.

Founder-Chairman's Message

Others saw the **PROBLEM**,
he found the **SOLUTION**

I had no opportunity to attend a school or college during my childhood. This only strengthened my determination to study more.

As I grew, had this single-minded desire to offer a platform for children to pursue basic education. During these 59 years of service as a teacher and as an educator, I realised how much of our future generation's success depends on education. It is my firm belief that the two essential factors that enrich our lives are education and health and it is my endeavour to provide both through MNR Educational Trust with the help of my dedicated team.

M.N. Raju, Chairman
MNR Educational Trust.

Philosophy of **MNR**

"Every today well lived

is another tomorrow well deserved"

Vice - Chairman's Message

“We have inherited the passion for Education and would like to see that this passion for education spreads like an endemic. The world would then be a better place to live in. It is our dream to make MNR Group of Institutions not only the best in the country but also to make it attain the status of a Deemed University.”

Ravi Varma Manthena, Vice-Chairman
MNR Educational Trust.

Dean's Message

Dear Students,

Medical school is all about imparting knowledge, skills and the right attitude in those young minds that are aspiring to mould themselves in a professional and meaningful manner to reach out to the health needs of the community.

Our philosophy at MNR Medical College is deep rooted in the conviction that delivering good health services and saving lives is more than just good grades. In order to achieve this goal, we have a team of faculty comprised of professionals who are passionate about their work, and are eager to make significant contributions to facilitate successful completion of your medical education and prepare you for your career.

We strive to ensure qualitatively rich class room, bed side and community teaching, encourage critical thinking, reasoning, compassionate patient care and responsible professional behavior.

We take much delight to get to know and guide you on your journey towards becoming such well trained health care professionals.

On behalf of our faculty and staff at MNR Medical College and Hospital, we are pleased that you have chosen to spend the next few years with us at this stage of your professional development. I am certain that you will go through a meaningful journey.

Dr. S. Narasimha Rao, Dean
MNR Medical College & Hospital

Principal's Message

Congratulations!!!

Welcome to the prestigious MNR Medical College and Hospital. Medical education has taken leaps and bounces in the last two decades, both in its quality and patient-care. The Medical student has to increase his knowledge, hand-skills and attitude, to meet the present day needs. The Institution, Faculty, Para Medical staff and the infrastructure are designed to deliver to the needs of the emerging specialists. It is up to you, how best you will make use of the resources. I hope all of you will have a nice stay in the college and hospital.

Wish you all the best and success!!!

Dr. T. Venkat Ramanaiah, Principal
MNR Medical College
