Action Taken Report

Academic year: 2022-23

Name of the Stakeholder: Student

A staff council meeting has been convened by IQAC with all the in-charges / heads of the departments under the chairmanship of the principal to bring feedback analysis to their notice with a request to find out the possibility for effective changes offered by their respective departments.

The Heads of the Departments in turn have conducted a meeting in their departments and explored the possibility of action plan to be implemented in accordance with the demands of the stake holders.

Students Feedback above 90% is considered as positive feedback, below 90% as a thumbs down feedback and we are working for the improvement.

S.No	Question	Feedback / Concern	Percentage Consensus	Action To be taken
1	How would you rate the overall relevance of the curriculum to your future career?	Excellent	96	We will conduct surveys and feedback sessions with students to assess the relevance of the curriculum, and will make necessary revisions based on their input and industry trends.
2	Do you feel that the curriculum adequately prepares you with the necessary knowledge and skills for your future medical practice?	Excellent	97	We will implement regular evaluations, seek feedback from students and faculty, and incorporate industry best practices to ensure that the curriculum effectively equips students with the knowledge and skills needed for their future medical practice.
3	How would you rate the practical components of the curriculum, such as clinical rotations,	Excellent	96	We will gather feedback from students and faculty, conduct regular assessments, and make necessary improvements to enhance the practical components

Action Taken Report

Date:

Academic year: 2019-20

Name of the Stakeholder: Teacher

A staff council meeting has been convened by College Academic Committee with all the in-charges / Heads of the Departments under the chairmanship of the Principal to bring feedback analysis to their notice with a request to find out the possibility for effective changes offered by their respective departments.

The Heads of the Departments in turn have conducted a meeting in their departments and explored the possibility of action plan to be implemented in accordance with the demands of the stake holders.

Teacher Feedback above 90% is considered as positive feedback and below 90% as a thumbs down feedback and we are working for the improvement.

S.No	Question	Feedback / Concern	Percentage Consensus	Action To be taken
1	Please rate the overall effectiveness of the current curriculum in preparing students for their careers	Very Good	91	We will make necessary adjustments and enhancements to ensure an improved alignment with the evolving industry demands and requirements.
2	How well does the current curriculum cover the essential medical knowledge and skills required for practice?	Very Good	93	We will evaluate the coverage of essential medical knowledge and skills in the current curriculum and make necessary improvements to ensure comprehensive preparation for practice.

3	Are the learning objectives of each course clearly defined and aligned with the overall program goals?	Excellent	96	We will ensure that the learning objectives of each course are clearly defined and aligned with the overall program goals, improving the effectiveness of the curriculum.
4	How effectively does the curriculum integrate theoretical knowledge with practical clinical experience?	Very Good	94	We will improve the integration of theoretical knowledge with practical clinical experience in the curriculum, ensuring a seamless blend of both for comprehensive learning.
5	Are the teaching methods employed in the curriculum engaging and effective in promoting student learning?	Good	88	We will assess the engagement and effectiveness of teaching methods employed in the curriculum, and based on their input, we will make necessary modifications to ensure the use of engaging and effective teaching methods that promote student learning.
6	How well does the curriculum address the ethical and professional aspects of medical practice?	Good	89	We will ensure that the curriculum effectively addresses the ethical and professional aspects of medical practice, providing students with the necessary knowledge and skills for responsible and ethical medical care.
7	Do you feel that the current curriculum adequately prepares students for the challenges they may face in real-world medical practice?	Very Good	92	We will gather feedback from teachers to ensure that the current curriculum effectively prepares students for real-world medical practice, making necessary improvements to address any identified gaps or challenges.
